First, last and all the time, is the most prominent feature in our shoes. They have the snap and finish to make your feet attractive and single you out as being well dressed.

Our shoes are built to fit, snug around the heel, to prevent slipping; close fitting over the instep and under the ankle to properly support and rest the foot; room enough for the toes to feel comfortable. No breaking in required. Easy from the start till they are worn out.

Only the best materials and workmanship go into our shoes, as without these the best fitting and most stylish shoe would lose its shape in no time. Our shoes wear well and hold their shape.

Is invariably the lowest consistent with reliability. We prefer doing a large business on a small margin to doing a small business on a large margin of profit.

Our Men's Shoes run from, \$1.65 to \$4.00
Our Ladies' Shoes run from, \$1.35 to \$4.00
Our Boys' and Girls' Shoes run from, \$1.00 to \$2.75

A FALL IN CANNED GOODS.

Especially as to prices—is certain to please you. With the incoming tide of fresh vegetables and fruits, we must get rid of our canned stock—fine as it is—and our reduced prices will make them move in a hurry. Mark you; they're just as good and sweet as the day they were "put up," but out they must go, to your great benefit. Hurry up if you want any.
